

## 2011 Region L Water Plan Public Comment Database - Initially Prepared Plan

#	Date	Name	Affiliation	Title	Source	Water Management Strategy	Comment
<b>Conservation</b>							
1	13-Apr	Jerry Morrisey	Sierra Club	Alamo Group	Verbal, Apr. 13 meeting	Drought management	IPP neglects to include drought management as an economically viable, long-term strategy that allows a supplier to reduce non-essential water uses during times of drought.
2	6-May	Tony Wood	Region L	Small Business Rep.	Letter, May 6		Ashe juniper needs to be mentioned throughout these sections since it is such a dominant species of the Edwards Plateau and is integral to the survival of at least one endangered species and relevant to the water supply of the region.
3a	16-Jun	Tyson Broad	Sierra Club	Research assoc.	Letter, June 16	Drought management	Drought management is an economically viable long-term water strategy that allows a water supplier to forego developing new sources of water. It should plan a central role in planning. The term "water rationing" is incorrectly used. When drought management is used as a WMS, the plan calls for only a 5% reduction in use.
3b	16-Jun	Tyson Broad	Sierra Club	Research assoc.	Letter, June 16	Drought management	The <b>risk factor</b> , cited in the IPP and calculated from a risk curve derived from 1964-2005 data, needs to be updated to reflect more recent data that shows a diminished risk curve. It is misleading and inaccurate to use the TWDB's <b>impact factor</b> to determine the costs related to drought mgt.
<b>Available Resources, Water Rights &amp; Reservoirs</b>							

1	12-Apr	Geanie Morrison	State House District 30	State representative	Verbal, Apr. 12 meeting	GBRA Exelon	GBRA Exelon project will have positive economic impact on area. But going on the record to oppose any actions or plans that would negatively impact future groundwater resources and/or private property rights
2	12-Apr	Dale Fowler	Victoria Economic Development Corporation		Verbal, Apr. 12 meeting	GBRA Exelon	Project offers great value in exchange for a small portion of our available water.
3	12-Apr	Randy Vivian	Victoria Chamber of Commerce	President	Verbal, Apr. 12 meeting	GBRA Exelon	Supportive of Exelon and the project
4	12-Apr	Dr. Ron Outen	The Aransas Project	Regional director	Verbal, Apr. 12 meeting	GBRA Exelon, GBRA New Appropriation Lower Basin Project	Two projects will divert up to an addition 1/4 billion acre-feet of water that would support the bays and estuaries. Requests these two projects be removed from "recommended" and placed in "need additional study". No valid reason to rush; time for additional study.
5	12-Apr	Charles Smith	Aransas County	County Commissioner	Verbal, Apr. 12 meeting	GBRA Exelon	IPP page 10, Section 8 calls for additional studies to examine ecological effects of projects, also sites Section 7.3.2 which calls for additional environmental studies. Growing gap between projected needs and supply. Requests projects receive additional study.
6	12-Apr	Charles Smith	Aransas County	County Commissioner	Apr. 12 letter	GBRA New Appropriation Lower Basin Project, GBRA Exelon	Recommends further study for GBRA pipeline and GBRA-Exelon. Salinity resulting from reduced inflows will damage environment and economy that depends on it.
7	12-Apr	Chip Dence	Member, Builders Assoc. of America		Verbal, Apr. 12 meeting	GBRA Exelon	Concerned about impact on wildlife and the environment around Victoria. Homebuilder recommends leaving Exelon project in recommended status so will be there if the population does indeed double in 50 years.
8	12-Apr	Charles Smith	Aransas County	County Commissioner	Apr. 12 letter	GBRA New Appropriation Lower Basin Project, GBRA Exelon	Recommends further study for GBRA pipeline and GBRA-Exelon. Salinity resulting from reduced inflows will damage environment and economy that depends on it.

9	12-Apr	Lamar Storey		citizen	Verbal, Apr. 12 meeting	GBRA New Appropriation, Lower Basin Project	Six bays depend on fresh water from river basin. Needs of Aransas Co. are not being considered. Amount of water in IPP demand calculations will negatively impact county and wildlife
10	12-Apr	Jerry James	City of Victoria	Environmental director	Verbal, Apr. 12 meeting	GBRA Exelon	Supportive of Exelon and the project but have concerns. TCEQ and NRC have studies in process.
11	15-Apr	Dianne Wassenich	San Marcos River Foundation		Apr. 15 letter	GBRA New Appropriation Lower Basin Project, GBRA Mid-Basin Project, GBRA Exelon	Projected needs in the region are way over-met by list of water projects called "approved strategies". These projects should be called alternatives since they are not likely to happen in the next 5 years.
12	15-Apr	Dianne Wassenich	San Marcos River Foundation		Apr. 15 meeting	GBRA New Appropriation Lower Basin Project	IPP shows dangerously low freshwater flows to the bays 2x as often in this plan. Projections of water coming from the Colorado River Basin are unrealistic, and the bays will suffer.
13	27-Apr	Richard Fritz		Citizen	April 26 email	GBRA Exelon	Figures provided in Vol. 1, Table 2-6, p. 2-20 (Steam -Electric Power Water Demand Projections) are inaccurate - 5,874 acre feet short since they do not include demand from 2 existing plants.
14	6-May	Tony Wood	Region L planning group	Small Business Rep	Letter, May 6	GBRA Exelon	Water rights assigned to Dow and Exelon need to be mentioned in section 1.7.2.4 and included in the IPP.
15	25-May	David L. Davidson		Citizen	Letter, May 25	GBRA Exelon, GBRA New Appropriation Lower Basin Project, GBRA Mid-Basin Project	Consideration of low flows related to water entering the estuaries fed by these watersheds inadequately accounts for the needs of whooping cranes, a federally endangered species. There needs to be a much more thorough commitment to the long-term sustainability of this important species by insuring there is sufficient flow to maintain a sustainable flock size.

16	13-Jun	Stephen Greenberg	Skyline Ranch Estates Water Supply Corp.	Atty., member of board of directors	Letter, June 13	Wimberley and Woodcreek Water Supply Project	Skyline Ranch Estates is not included in the IPP projected demand figures for this area. Currently relies on water from the Trinity. IPP should consider inter-basin water transfers as a source of water supplies for rural users such as Skyline Estates.
17	16-Jun	James Blackburn	The Aransas Project	Atty.	Letter, June 16	GBRA Exelon	The GBRA Exelon Project will not be needed in the 2010-2020 decade. The project is uncertain: permits are not in place. No serious analysis of its impact on the environment and the endangered whooping crane is included.
18	16-Jun	James Blackburn	The Aransas Project	Atty.	Letter, June 16	GBRA Mid-Basin, GBRA New Appropriation (Lower Basin)	GBRA New Appropriation (Lower Basin) is subject to senior water rights, full application of environmental flow standards per the Texas Water Code and TCEQ permitting process. Project includes major impacts to San Antonio Bay as a result of substantial water diversion. Recommends project wait until the next water plan 2016-2017.
19	16-Jun	Tyson Broad	Sierra Club	Research Assoc.	Letter, June 16	GBRA-Exelon	We have grave concerns regarding the implementation of this strategy since it would have significant impact on species that rely on sufficient freshwater inflows to San Antonio Bay. Imprudent to say there will be no adverse effect on endangered species and their habitat.
<b>Groundwater</b>							
1	6-Apr	Jeanne Schnuriger	Springs Hill Water Supply	General Manager	Letter, Apr. 6	TWA Regional Carrizo Project , CRWA Well Ranch Project	Proposes that pipelines be constructed/expanded to transport water to SHWSC in a comprehensive regional approach.
2	12-Apr	Arthur Dohmann	Goliad Co. Groundwater Conservation District	General Manager	Verbal, Apr. 12 meeting	Local groundwater supplies (Gulf Coast)	Demand numbers in the Region L plan are grossly understated. Be realistic about numbers and be clear about methodology. Plan does not include estimates for increased demand from mining, oil and gas exploration and irrigation, also future site mining, shale deposits. Ex: GCGCD has permitted 10x what is shown in the IPP. (See comment #6)

3	12-Apr	Geanie Morrison	State House District 30	State representative	Verbal, Apr. 12 meeting	Local groundwater supplies (Gulf Coast)	GBRA Exelon project will have positive economic impact on area. But going on the record to oppose any actions or plans that would negatively impact future groundwater resources and/or private property rights
4	12-Apr	Tyson Broad	Sierra Club		Verbal, Apr. 12 meeting	Local groundwater supplies (Gulf Coast)	Plan relies on increased groundwater pumping which will exacerbate the situaion in San Antonio Bay.
5	12-Apr	Ted Aven	DeWitt County	citizen	Verbal, Apr. 12 meeting	Local groundwater supplies (Gulf Coast)	Plan shows decreased demand for irrigation: Is that because of reduced water supply or reduced agriculture?
6	21-Apr	Arthur Dohmann	Goliad Co. Groundwater Conservation District	General Manager	Letter, Apr. 21	Local groundwater supplies (Gulf Coast)	Water use numbers in the IPP pp. 2-15, 2-17, 2-39, 2021, 2-23, and 2-25 show major discrepancies with the GCD plan. Please refer to the GCGCD management plan for projected groundwater us in Goliad Co. for irrigation and mining uses.
7	27-Apr	Alan Cockerell	Schertz Seguin Local Government Corp.	General Manager	Apr. 27 letter	GBRA Simsboro, TWA Regional Carrizo, Regional Carrizo for SAWS, Regional Carrizo for SSLGC Project Expansion , CRWA Well Ranch Project	Revise IPP to use single pipeline for these projects. Use TWDB resources for funding.
8	27-Apr	Richard Fritz	Victoria resident	Citizen	April 26 email	Local groundwater supplies (Gulf Coast)	IPP does not include calculations for water required by Goliad Co. uranium and natural gas mining - both of which consume a large quantity of water.
9	27-Apr	Richard Fritz	Victoria resident	Citizen	Email, April 26	Local groundwater supplies (Gulf Coast)	IPP asserts less water will be required by irrigation in Victoria Co. but demand for agricultural products is increasing and more available land is being converted to agricultural use.
10	30-Apr	John Bierschwale	City of Schertz	Asst. City Manager	Letter, April 30	GBRA Simsboro, TWA Regional Carrizo, Regional Carrizo for SAWS, Regional Carrizo for SSLGC Project Expansion , CRWA Well Ranch Project	Recommends regional pipeline system.

10	13-Jun	Stephen Greenberg	Skyline Ranch Estates Water Supply Corp.	Member of board of directors	Letter, June 13	Wimberley and Woodcreek Water Supply Project	Skyline Ranch Estates is not included in the IPP projected demand figures for this area. Currently relies on water from the Trinity. IPP should consider inter-basin water transfers as a source of water supplies for rural users such as Skyline Estates.
11	14-Jun	Lost Pines Groundwater Conservation District	Katie Kaighin, P.G.		Email, June 14	GBRA Simsboro Project, Hays/Caldwell PUA	Region L draw for GBRA Simsboro not included in DFC process. GBRA Simsboro proposal would require groundwater production in excess of recharge and have a depletion effect on storage in LPGCD and GMA 12. There are more economical and practical WMSes to address growth requirements in the same counties as GBRA Simsboro. Recommends these and alternative strategies, inc. Hays Caldwell PUA, be considered.
12	15-Jun	Cow Creek Groundwater Conservation District	Milan J. Michalec	Director, Pct. 2	Memo, June 15	All groundwater	IPP needs to include TWDB Guidelines definitions for groundwater availability, drought of record and existing water supply.
13	16-Jun	Rudolph P. Klein	City of Cibolo	city engineer	Letter, June 16	CRWA Wells Ranch Project	Description of project status is wrong: 2 pipeline segments have not been constructed. Requests that both pipeline segments be oversized to carry CRWA Wells Ranch and San Jose Water demands to Bexar, Guadalupe and Comal counties.
14	16-Jun	Tyson Broad	Sierra Club	Research assoc.	Letter, June 16	GBRA Simsboro	The Simsboro Project creates a potential conflict between Regions L and K.
16	16-Jun	Sally Ploeger		Citizen	Email, June 16	Brackish Wilcox Groundwater for SAWS, Regional Carrizo for SAWS, Brackish Wilcox Groundwater for RWA, Brackish Wilcox Groundwater for SSWSC	Insufficient water allocations given to agricultural (food-producing) areas. Water resources in the areas of food production are already over-allocated.
17	16-Jun	Tyson Broad	Sierra Club	Research assoc.	Letter, June 16	Local groundwater supplies (Trinity)	We appreciate the comment noting rainwater harvesting's ability to supplement supplies from wells completed in the Trinity Aquifer. This is an important component of this strategy.
<b>Conjunctive Use</b>							

1	15-Apr	Dianne Wassenich	San Marcos River Foundation		Letter, Apr. 15	Edwards Recharge - Type II Projects	The Blanco dam is impractical for reasons of (1) the region's evaporation rates, (2) the river dropping underground during droughts, and (3) the size of the dam that would be required to withstand the large floods of this large watershed and the gravel quantities that drift in such floods, which would fill the lake quickly, diminishing its capacity. The interbasin transfer listed in the plan is unrealistic and thus the projections in the plan are unrealistic about the effects on the bays. Dams are a destructive and outdated water management strategy.
2	15-Apr	Alan Cummings	Green Valley Farm	Citizen	April 15 email	Edwards Recharge - Type II Projects	Dam on Blanco River will help alleviate floods on the river.
<b>Surface Water</b>							
1	12-Apr	Dr. Mac Lee	Save the Lavaca River	Private citizen	Letter, Apr. 12	Lavaca River Off-Channel Reservoir	Palmetto Stage II and Off Channel Reservoir will damage area and river.
2	12-Apr	Dr. Mac Lee	Save the Lavaca River	Private citizen	Verbal, Apr. 12	Lavaca River Off-Channel Reservoir	Lavaca River is the last free-flowing river in Texas. Previous dam, Lake Texana, did not meet objectives. Citizens do not want another dam.
3	12-Apr	Kevin Janek	Calhoun County		Verbal, Apr. 12 meeting	Lavaca River Off-Channel Reservoir, GBRA New Appropriation	Concerned about private propoerty rights in Calhoun County. Questions location of proposed reservoirs that will use eminent domain to take land. If additionanl reservoirs are built in Calhoun County, county will need to use groundwater to compensate.
4	12-Apr	Dr. Ron Outen	The Aransas Project	Regional director	Apr. 12 letter	GBRA New Appropriation Lower Basin Project	Insufficient flows to support whooping cranes. Recommends further study for massive diversions from the GBRA-Exelon and GBRA New Appropriation Lower Basin Project.

5	12-Apr	Dr. Ron Outen	The Aransas Project	Regional director	Verbal, Apr. 12 meeting	GBRA New Appropriation Lower Basin Project, GBRA Exelon	Two projects will divert up to an addition 1/4 billion acre-feet of water that would support the bays and estuaries. Requests these two projects be removed from "recommended" and placed in "need additional study". No valid reason to rush; time for additional study.
6	12-Apr	Charles Smith	Aransas County	County Commissioner	Verbal, Apr. 12 meeting	GBRA New Appropriation Lower Basin Project	IPP page 10, Section 8 calls for additional studies to examine ecological effects of projects, also sites Section 7.3.2 which calls for additional environmental studies. Growing gap between projected needs and supply. Requests projects receive additional study.
7	12-Apr	Charles Smith	Aransas County	County Commissioner	Apr. 12 letter	GBRA New Appropriation Lower Basin Project	Recommends further study for GBRA pipeline and GBRA-Exelon. Salinity resulting from reduced inflows will damage environment and economy that depends on it.
8	12-Apr	Jerry James	Aransas County	County Commissioner		GBRA Exe	Supportive of Exelon and the project
9	12-Apr	Chuck Shamel	Leave Our Lavaca Alone	Citizen	Apr. 12 meeting	Lavaca River Off-Channel Reservoir	Save water for the whooping cranes and redfish. Population growth is exceeding the capacity of the land to support it.
10	12-Apr	Kathy Land	Leave Our Lavaca Alone	Citizen	Apr. 12 meeting	Lavaca River Off-Channel Reservoir	Other technology is available to store water than a dam on the Lavaca. Previous dam-building projects have not achieved what was promised.
11	12-Apr	Timmy Jacobs	Leave Our Lavaca Alone	Citizen	Apr. 12 meeting	Lavaca River Off-Channel Reservoir	Other technology is available to store water than a dam on the Lavaca. Previous dam-building projects have proven useless.
12	12-Apr	Tyson Broad	Sierra Club		Verbal, Apr. 12 meeting	GBRA Mid-Basin	Surface water withdrawals from the Guadalupe River will only exacerbate the situation on the San Antonio Bay.

13	13-Apr	David Langford	Region L planning group	Member	Apr. 13 letter	Storage above Canyon Reservoir (ASR) Vol. 2, 4C.9-1, 911, 9-21, 9.3.5	This entire proposed WMS features poorly-selected sites and will have detrimental environmental and recreational impacts. Both the off-channel reservoir on Flat Rock Creek and the ASR sites on Block Creek will impact this member's historic family ranch and home. Further, any eminent domain powers used in the entire Region L plan should be exercised respectfully, with bona fide willing sellers (not those forced to capitulate) and not be implemented with arrogance or entitlement.
14	15-Apr	Quentin Eyberg		Citizen	April 17 letter	Wimberley and Woodcreek	Water is a shared commodity. Understanding this premise will lead to more cooperation and stewardship.
15	15-Apr	Dianne Wassenich	San Marcos River Foundation		Apr. 15 meeting	GBRA New Appropriation Lower Basin Project, GBRA Mid Basin	IPP shows dangerously low freshwater flows to the bays 2x as often in this plan. Projections of water coming from the Colorado River Basin are unrealistic, and the bays will suffer.
16	15-Apr	Dianne Wassenich	San Marcos River Foundation		Apr. 15 letter	GBRA New Appropriation Lower Basin Project, GBRA Mid-Basin Project	Projected needs in the region are way over-met by list of water projects called "approved strategies". These projects should be called alternatives since they are not likely to happen in the next 5 years.
17	28-Apr	Jeanne Schnuriger	Springs Hill Water Supply	General Manager	Letter addendum Apr. 28	GBRA Mid-Basin	Add a regional pipeline carrying potable surface water from the SHWSC Lake Placid Water Treatment Plant
18	30-Apr	Kenneth Roberts	City of Selma	City Administrator	Apr. 30 letter	GBRA Simsboro, TWA Regional Carrizo, Regional Carrizo for SAWS, Regional Carrizo for SSLGC Project Expansion , CRWA Well Ranch Project	Expand the pipeline network to include the area from Guadalupe County to Bexar and Comal counties.

19	26-May	Marcus & Sharon Tomas		Citizen	May 26, letter	Lavaca River Off-Channel Reservoir	The Stage II Palmetto Dam will steal our land, livelihoods and history for use in other cities and counties. We speak out against it and the loss and destruction it will bring to Jackson Co. Stage I of Palmetto Dam has not fulfilled the promises given then. The majority of landowners & taxpayers in Jackson Co. do not want Stage II to happen.
20	25-May	David L. Davidson		Citizen	Letter, May 25	GBRA New Appropriation Lower Basin Project	Consideration of low flows related to water entering the estuaries fed by these watersheds inadequately accounts for the needs of whooping cranes, a federally endangered species. There needs to be a much more thorough commitment to the long-term sustainability of this important species by insuring there is sufficient flow to maintain a sustainable flock size.
21	4-Jun	Carol A. Lee		Private citizen	Letter, email and postcard, June 4	Lavaca River Off-Channel Reservoir	Please do not dam the Lavaca River. As a citizen, landowner of Jackson Co., I express the wishes of the majority of our county.
22	9-Jun	Lois A. Drushel		Citizen	Letter, June 7	Lavaca River Off-Channel Reservoir	I oppose the damming of the Lavaca River and the use of eminent domain as a means to acquire land for State II. This should not be included in either Region L or Region P plans.
23	9-Jun	Betty Willis		Citizen	Telephone call to LRPR	Lavaca River Off-Channel Reservoir	Opposes the dam.
24	9-Jun	Lindsey Lee Bradford		Citizen	Email, June 11	Lavaca River Off-Channel Reservoir	Benefits attributed to Lake Texana from 1969 dam did not materialize.. Similarly, Stage II will only destroy the natural beauty of the river and the people who depend on it. It is the wrong thing for this area and its people.

25	12-Jun	Mary Prihoda		Citizen	Letter, June 12	Lavaca River Off-Channel Reservoir	Resident of Jackson Co: I don't want or need another dam. We will be taxed again on Stage II. Eminent domain should not be used to take the land.
26	14-Jun	Lost Pines Groundwater Conservation District			Email, June 14	GBRA Mid-Basin	GBRA Mid-Basin would produce 25,000 acre-ft/year, supply the same counties and be more economical and practical than GBRA Simsboro.
27	15-Jun	Johnny Belicek	Jackson Co.	County Commissioner	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	Requests Region L not support another dam being built in Jackson county.
28	15-Jun	Lesley & Gloria Koop		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	Jackson Co. does not need another dam.
29	15-Jun	Loretta Lynn Ramirez		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	We don't need another dam.
30	15-Jun	Carol P. Lee		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	I oppose building an archaic dam. There are alternatives.
31	15-Jun	Norman Hunt		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	My family lost land to Lake Texana. Don't take away any more land. Don't dam the Lavaca River.
32	15-Jun	Adam Gonzales		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	Opposes the dam.
33	15-Jun	Lisa C. Burris		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	Opposes the dam; will lose land for the 2nd time.
34	15-Jun	Frances Wells Staev		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	The dam will only raise taxes and interfere with the basic right of ownership.

35	15-Jun	Blanca Arredondo		Citizen	Letter, June 15	Lavaca River Off-channel Reservoir/Palmetto Bend Stage II	We do not want another dam.
36	15-Jun	Patrick Andel		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	We don't need another dam. Taxes are too high already. We don't need more. They sell the water and don't pay taxes on it.
37	15-Jun	Joleen Jackson		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	We don't need another dam.
38	15-Jun	Mindy Yendry		Citizen	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	I don't need a tax increase
39	15-Jun	Hope & Tony Cavazos		Citizens	Letter, June 15	Lavaca River Off-Channel Reservoir/Palmetto Bend Stage II	Oppose dam
40	15-Jun	Laya Clowers		Citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Opposes dam
41	15-Jun	Lucinda Rodriguez		citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Opposes dam
42	15-Jun	Leanne Bridges		citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Opposes dam
43	15-Jun	Tina McDonald		Citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Opposes eminent domain re: this project
44	15-Jun	Lance & Melissa Koop		Citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Opposes transferring water outside of Jackson Co.
45	15-Jun	Melissa Sappington		Citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Present dam facility is useless; opposes eminent domain to build another.

46	15-Jun	Clifton & Leah Hicks		Citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	No dam!
47	15-Jun	Michele & Kurt Orsak		Citizens	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Oppose dam
48	15-Jun	David Sheblak		Citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Opposes damming the Lavaca River. Desalinization is the only viable option for long-term water supplies.
49	15-Jun	R. Wyatt		Citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Opposes damming the Lavaca River. No more land grabbing!
50	15-Jun	Tyrol E. Norman		Citizen	Letter, June 15	Lavaca River Off-Channel/Palmetto Bend Stage II	Opposes damming the Lavaca River.
51	16-Jun	James Blackburn	The Aransas Project	Atty.	Letter, June 16	GBRA Mid-Basin	Project will modify existing flow regime below the Gonzales diversion. It is in the early formulation stage and would be appropriate to postpone until the next water plan when more info is available.
52	16-Jun	Tyson Broad	Sierra Club	Research analyst	Letter, June 16	Storage above Canyon Reservoir	Appreciate the consideration of this strategy as an aquifer storage and recovery system rather than relying on off-channel reservoirs. .
53	16-Jun	Tyson Broad	Sierra Club	Research assoc.	Letter, June 16	Lavaca River Off-Channel Reservoir / Palmetto Bend - Stage II	(1) IPP Appendix D predicts Calhoun Co. industrial needs in 2060 will be 209 acre-ft, which was to be met by a water purchase from the Lavaca-Navidad River Authority. Does it need a 10,000 acre feet strategy to address (this 245 or 209) acre feet need? (2) The strategy was presented to Region L on the same day the IPP was to be approved, without providing members/public the opportunity to vet this controversial project.

54	16-Jun	Sally Ploeger		Citizen	Email, June 16	GBRA-Mid-Basin, New Appropriation, Lavaca River Off-Channel	There have been insufficient environmental studies. The plan does not take into account flow rates among other factors and the impact on the ecology of the rivers and wetlands.
55	16-Jun	Tyson Broad	Sierra Club	Research assoc.	Letter, June 16	GBRA Mid-Basin	Section A(2) of the Guadalupe Basin Water Needs Workgroup needs to be included in sections 4C.15 and 16.
56	16-Jun	Tyson Broad	Sierra Club	Research assoc.	Letter, June 16	GBRA New Appropriation Lower Basin	Section 4C.14 needs to include Section A(2) of the Guadalupe Basin Water Needs Workgroup Recommendations
<b>Alternative Water Management Strategies</b>							
1	25-May	David L. Davidson		Citizen	Letter, May 25	LGWSP FOR Upstream GBRA needs, LGWSP for Upstream GBRA Needs at Reduced Capacity	Should the GBRA-Exelon WMS go forward and be included in the 2011 plan, the full LGWSP for upstream GBRA needs cannot be included. However, it is possible to include LGWSP for Upstream GBRA Needs at Reduced Capacity as a recommended water management strategy along with the GBRA Exelon WMS, should the planning group choose to do so.
2	14-Jun	Lost Pines Groundwater Conservation District			Email, June 14	GBRA Mid-Basin (conjunctive use) and Regional Carrizo for Guadalupe Basin	These strategies would each produce 25,000 acre-feet of water/year, supply the same counties, and be more economical and practical than the GBRA Simsboro project.
<b>Water Management Strategies Requiring Further Study &amp; Funding</b>							

1	25-May	David L. Davidson		Citizen	Letter, May 25	Brush Management	Much of the information in the IPP Appendix D has been shown to be incorrect. It should be revised and any aspect of the plan that relies on extensive clearing of juniper or other native trees and vegetation be revised in accordance with the latest information available. If sustainable management is realized in these watersheds, stream flow will increase and flooding will be dampened.
2	16-Jun	James Blackburn	The Aransas Project	Atty	Letter, June 16	The Lower Guadalupe Water Supply Project for Upstream GBRA Needs at Reduced Capacity	Unclear as to whether this project would involve adding fresh groundwater to the strategy; if so, would be of great concern and would require an amendment process. Contains no credible impacts analysis. SAGES report is not a defensible piece of scientific research in its present form. Since issue of impacts is neither evaluated or included, Region L members cannot be adequately informed.
3	16-Jun	James Blackburn	The Aransas Project	Atty	Letter, June 16	The Lower Guadalupe Water Supply Project for Upstream GBRA Needs	Adding fresh groundwater to the strategy is of great concern. SAGES report, if included in the reference to scientific studies, has been discredited. Delivers approx. 22,000 acre-feet more than the projected needs but decade needed is defined as 2010-2020.
<b>General Comments</b>							
1	6-May	H.A. Tony Wood	Region L	Small Business Rep.	Letter, May 6	Cost	New supplies through both engineered projects and conservation will account of 766,700 additional acre feet by 2060. The costs will rise from \$104/acre feet to over \$2429, the latter figure associated with lower river basin off-channel storage reservoirs and desal.
							(1) Petrochemical industry, which has a significant presence in lower Guadalupe River basin is omitted as a major water user. (2) Steam electricity generated from nuclear power

2	6-May	H.A. Tony Wood	Region L	Small Business Rep.	Letter, May 6	Industrial Demand	electricity generated from nuclear power consumes 60% more water than coal-fired plants. Coal-fired plants with carbon sequestration consume 40% more water than those currently operating.
3	6-May	James Blackburn	The Aransas Project	Atty.	Letter, June 16		IPP avoids hard issues having to do with the local and rural communities and their economies. Certain water mgt strategies have long lead times and are premature for the 2012 plan.
<b>Comments Received after the Region L June 16 Deadline</b>							
1	17-Jun	Ira Skalen		Citizen	Letter, June 17	Lavaca River Off-Channel/Palmetto Bend Stage II	We don't need another dam.
2	17-Jun	Dorothy Ploeger		Citizen	Email June 17	Lavaca River Off-Channel/Palmetto Bend Stage II	Transferring large amounts of water from one aquifer region to another is not part of a natural process and is damaging to the environment. Areas that have water may welcome economic development.
3	17-Jun	Mary & Jane Prihoda		Citizens	Letter, June 17	Lavaca River Off-Channel/Palmetto Bend Stage II	Oppose dam

4	17-Jun	Jane Gates		Citizen	Letter, June 17	Lavaca River Off-Channel/Palmetto Bend Stage II	Don't need it!
3	17-Jun	Harold Wilkins		Citizen	Letter, June 17	Lavaca River Off-Channel/Palmetto Bend Stage II	We really don't need a dam. Please leave our Lavaca alone.
4	17-Jun	Bryan Miska		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	The future of Jackson County is questionable with everything we've been taxed for. If the other dam comes in more taxes, the county will not be able to stand it!
5	17-Jun	Justin Bonnot		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	As a landowner, we do not need another entity using eminent domain and then
6	17-Jun	Mary Kim Layden Pelham		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	The Lavaca River bottom is an incredible ecosystem. It should not be allowed to disappear. I'm a lifelong resident of Jackson Co. and I'm against what is being forced upon us. My land will be impacted. It is the most important legacy I want to leave my children. Please help us.

7	17-Jun	Jill Kubelka		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	People are never paid the amount for the taking of their land. They are tax-paying citizens who are just going to be taxed more for basically giving their land away.
8	17-Jun	Cynthia Kucera		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	I am a concerned tax payer and feel damming the Lavaca River will be detrimental to our community.
9	17-Jun	Thomas Wittenburg		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	Opposes the dam
10	17-Jun	Jeb Ross		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	The citizens of Jackson Co. will not benefit at all from another dam.
11	17-Jun	Ed Randall		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	Not a resident of Jackson Co. but still in opposition.
12	17-Jun	Glenn Johnson		Citizen	Letter, June 17	Lavaca Off-Channel/Palmetto Bend	I believe we have at the present time all the water that LNRA needs is in the first stage!
13	21-Jun	Teresa & Frank Durham		Citizens	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Oppose dam
14	21-Jun	Loine Simons		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Leave the Lavaca the way God created it -- no dam
15	21-Jun	T. Jacobs		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	I am a food store and we sell gas, pecans, chemicals and this would kill our business.
16	21-Jun	J.A. Rogers		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Don't steal my land!

17	21-Jun	Ray Nickel		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	The Lavaca River is only a creek, not a river so where will you get the water to fill a dam?
18	21-Jun	Alice M. Payne		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Stop the dam, we don't need it!!!
19	21-Jun	Barbara Martin		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes the dam
20	21-Jun	Patti Payne Bone		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	I am concerned that the citizens of Jackson Co. are being mislead and are not getting all the facts.
21	21-Jun	Nick Bone		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Stop the property threat!
22	21-Jun	Fred Westohoff		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Calhoun Co. should not be allowed in water district P
23	21-Jun	Dennis Ray		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam
24	21-Jun	Mitch Malek		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Our family stands to lose over 700hundred acres of farm and ranch land we have had over 20 years and cannot afford to lose.
25	21-Jun	Mary Beth Caraway		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	I am a river bottom land owner and do not want my land taken from me for someone else to make money off of! This land has been in my family since 1932.
26	21-Jun	Glenn Martin		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	My family and I supported Stage I but I don't feel stage II would benefit Jackson Co.

27	21-Jun	Robert Schroeder		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	The land that we own has been in my family for three generations, a private enterprise or even the state has absolutely no business robbing peter so paul can make more money at my loss!
28	21-Jun	Susan Anderson		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	It's my land. No one has a right to take it away. Been in our family for over 50 years.
29	21-Jun	Jane Bone		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Do not dam the river and take 70 acres of my land
30	21-Jun	Q.M. Peterson III		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes the dam
31	21-Jun	Linda Foster		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes the dam; Please save
32	21-Jun	Ronald Gates		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes the dam.
33	21-Jun	Lucille Jacobs		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes the dam
34	21-Jun	John J. Hertz		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes the dam
35	21-Jun	Sheri Martin		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Please don't dam the river.
36	21-Jun	Clayton Butler		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	We don't need no more holes

37	21-Jun	Alana Sue Curlee		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Please don't take our land away!
38	21-Jun	Kelly Gregory		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam
39	21-Jun	Patricia Hertz		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam
40	21-Jun	M. R. Hale		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
41	21-Jun	Jan Mabry		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Taking land away from family. We use to make a living. Plus off tax roll.
42	21-Jun	Paul E. Davis		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
43	21-Jun	Clyde Kaplan		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam
44	21-Jun	W.A. Davis		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam
45	21-Jun	Andrew E. Brown		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam
46	21-Jun	Greg Laurel		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam

47	21-Jun	Fred Powers		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	As a landowner and local business owner this will greatly affect my livelihood
48	21-Jun	Lesli Tipton		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Opposes dam
49	21-Jun	Kendall & Lance Tipton		Citizen	Letter, June 21	Lavaca Off-Channel/Palmetto Bend	Oppose dam
50	22-Jun	Edna LaFour		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	I am a local rancher and depend on the Lavaca River for water. I don't see having to give up my land to furnish someone else a way to make a profit.
51	22-Jun	Sylvia Butler		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	I don't want to lose my land.
52	22-Jun	N. Sue Simon		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Jackson Co. receives no benefits from LNRA water sales.
53	22-Jun	Kaci Ryan		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	We don't want another dam.
54	22-Jun	Bradley Ryan		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Leave all the land alone.
55	22-Jun	Jesse Jaymes Lopez		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Leave our land alone.
56	22-Jun	Crystal Merechka		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Please do not destroy the natural habitats of this river! We do not need another river dammed just to help another county.

57	22-Jun	Adelia H. Garza		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
58	22-Jun	Shelby Cunningham		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	They need to leave our rivers alone. It's natural to leave it that way.
59	22-Jun	Wade Buchim		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
60	22-Jun	Lynn Birchum		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
61	22-Jun	Gilbert Sattler		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	I am a property owner and taxpayer and I oppose the dam.
62	22-Jun	Erno Sattler		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam: LNRA says "water is gold" is so, land is platinum. Detriment to economy and environment; would only benefit Taiwan.
63	22-Jun	Jackie Hudson		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	We need to keep our water. If we keep this up the Lavaca River will dry up.
64	22-Jun	Lisa Janica		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
65	22-Jun	Holly Tegeler Morgan		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
66	22-Jun	Belinda Dodds		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam.

67	22-Jun	Steve Twardowski		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
68	22-Jun	Sandy Twardowski		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
69	22-Jun	Michael Kyle Dodds		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
70	22-Jun	Barbara Curlee		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
71	22-Jun	Dennis Duane Curlee Jr.		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
72	22-Jun	Anastacia Garza		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
73	22-Jun	Melinda Manzanalez		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
74	22-Jun	Jimmy Lopez		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Leave our land alone.
75	22-Jun	Rich Gaft		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
76	22-Jun	Matthew Liber		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	The Lavacaa River is an important place in our county.

77	22-Jun	Paula Mischalek		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
78	22-Jun	Morbella Gabellan		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
79	22-Jun	Reyes Ratu		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
80	22-Jun	Danever Sonufts		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Leave the river alone
81	22-Jun	Dayton Larfe		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Opposes dam
82	22-Jun	Anna Yaws		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	It is just not fair. We have little say. Hopefully this will help.
83	22-Jun	Ms. Pattie Butler		Citizen	Letter, June 22	Lavaca Off-Channel/Palmetto Bend	Just leave us alone.
84	23-Jun	James R. and Shirley Tuttle		Citizens	Email, June 23	Lavaca Off-Channel/Palmetto Bend	Please do not dam the Lavaca River.
85	23-Jun	Brooke Conner		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	The water needs to stay in Jackson County. The dam is the wrong thing to do.
86	23-Jun	James Smith		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam

87	23-Jun	Belinda Emmeens		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
88	23-Jun	Robin Webb		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
89	23-Jun	Robert Guelke		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Formosa Plastics does not need to put into Region P.
90	23-Jun	Zac Ferguson		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	LNRA has the only fenced-in lake that I have ever seen in our state. Taking 7,000 acres of land away from people that could have been used for persons to come into our country and have lakefront houses, bringing more people into our county, also bringing in more taxes for our county. We need something to help our county, not bring more taxes and something else that will take land away from more families.
91	23-Jun	Clara Conner		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	As a taxpayer and landowner in Jackson Co., I believe that we do not need to dam the Lavaca River.
92	23-Jun	Cory Ellison		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
93	23-Jun	Wesleyan Johnston		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
94	23-Jun	James Steed		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam

95	23-Jun	August Westhoff		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
96	23-Jun	Marc Johnston		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
97	23-Jun	Henry & Lois Drushel		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam. In addition all water boards should be elected - not appointed by the governor. The Texas Water Code should be hanged.
98	23-Jun	Connie Rodriguez		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	I don't agree with another Lake Texana
99	23-Jun	Larry & Sherri Ellis		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	I'm a concerned citizen and landowner of Jackson County and feel a new dam would be detrimental to our county.
100	23-Jun	C. J. Lowry		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	I am a business owner in Jackson Co. and do not want another dam. It does nothing for our community.
101	23-Jun	Kari Scott		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
102	23-Jun	Courtney Gattis		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
103	23-Jun	Warren Johnston		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
104	23-Jun	Johnny Dugger		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam

105	23-Jun	Jim Webb		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
106	23-Jun	Renee Johnson		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
107	25-Jun	Robin Bedney		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
108	25-Jun	Camelia Salazar		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
109	25-Jun	d		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
110	25-Jun	Jennifer Dierlam		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
111	25-Jun	Jerry Soto		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
112	25-Jun	Joetta Atkins		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
113	25-Jun	Clayte Atkins		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
114	25-Jun	Michael Blackwell		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	I do not personally live in Jackson Co, but am concerned with the effects of damming the Lavaca will have on our ecosystem and the Lavaca/Matagorda Bay system in general.

115	25-Jun	Lu Egg		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Not only damming the last remaining free river in Texas, the land that was taken in Stage 1 and what will be taken in Stage 2 can never be replaced. We're talking homes and history.
116	25-Jun	Thomas Sowell		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
117	25-Jun	Clay Whitley		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Management of LNRA has intentionally misled Regions L, P and N that the people of Jackson Co. are for Stage 2. We are not! Desal plants are the further and all water boards and river authorities should focus on this technology -- not damming a river!
118	25-Jun	Carol Janssen		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Help! Please!
119	25-Jun	Lisa Porche		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
120	25-Jun	Jon Bradford		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Stage 1 did not benefit Jackson Co., quite the contrary. In fact, we lost land, taxes. Stage 2 is no different. Take people's land to benefit Taiwan. It is illegal for eminent domain to be used for monetary gain.
121	25-Jun	Heath Bednarz		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Don't want another lake that to my kids cannot swim in!
122	25-Jun	Maureen Andel		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
123	25-Jun	Bob Short		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam

124	25-Jun	Darvis Ray Jones		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
125	25-Jun	Shae Mabry		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
126	25-Jun	Jayne Blackwell		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
127	25-Jun	Shawn Egg		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
128	25-Jun	Genevieve Walter		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
129	25-Jun	Diane Hunt		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes Dam
130	25-Jun	Jessica Hunt		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	It devastates me to think that future generations will not be able to experience the "magic" of the river bottoms. It is such a beautiful area.
131	25-Jun	Dennis Brian Hunt		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	It is not right for an entity to steal land that people have worked so hard to obtain and cultivate. Not only will LNRA take the land away from Jackson Co. citizens, they will then ship the water out of the county.
132	25-Jun	Cord Beard		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
133	25-Jun	Tony and Kristin Hunt		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam

134	25-Jun	Chelsea Hunt		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
135	25-Jun	James Curlee		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
136	25-Jun	Daniel Peavey		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
137	25-Jun	Mathew Charkalis		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
138	25-Jun	Rachel Charkalis		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
139	25-Jun	Capt. Dwayne Newbern		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
140	25-Jun	Virginia Newbern		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
141	25-Jun	Jamie Kap Kinsfather		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	land that has been in our family for many generations. It makes me sick to think of their taking our homes, especially my 85-year old grandparents who would be at a loss trying to figure out what to do or where to go. I honestly think it would kill them.
142	25-Jun	Shirley Koop Moyer		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam

143	25-Jun	Linda Koop		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	We do not need to dam this river in order for out-of-county users to have our water. Please block this Stage 2.
144	25-Jun	Virgie Houck		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
145	25-Jun	H. J. Houck		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Opposes dam
146	25-Jun	Jennifer Koger		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Leave our rivers alone. Let it be natural, the way it was made.
147	25-Jun	McHenry Lee (amendment)		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	Requests Stage 2 be removed from Region L plan: (1) No beneficiary in Region L; therefore, it cannot be include din the Region L plan (should be in Region P) (2) Should be designated as a unique stream segment (3) Conflict from LNRA GM email states there has been no formal request from Formosa Plastics for additional water, despite April 8, 2009 meeting notes from HDR stating that LNRA had been approached for 10,000 additional ac.ft of water. If there is no formal request, Stage 2 should be removed from plans. (4) Requests environmental impact studies for the project
148	25-Jun	John Koop		Citizen	Letter, June 25	Lavaca Off-Channel/Palmetto Bend	We do not need to furnish more water to out-of-county users.

149	26-Jun	Kristi Tuttle		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	I grew up right down the road from the dam on FM 3131. I have never figured out what good it has done for the county. All the water is sent to Corpus Christi. How is that good for our farmers? The river bottom is beautiful but they want to destroy that also. I never got the chance to actually see the town site of Texana, a very historic part of Texas, now a dam. We would be losing our history and livelihood.
150	26-Jun	Jane Taylor		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	Very opposed to Stage 2. There are other viable means of water conservation that are utilized in the world as alternatives to dam building. Its time we catch up with the times and not follow old practices!
151	26-Jun	Joey Rodriguez		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	I grew up in Edna and now live in Houston. But I know the importance of the river in the community and the state of Texas. I am a big believer in keeping the Lavaca River in its natural state.
152	26-Jun	John Talbot		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	I am concerned that LNRA is not dealing in good faith with the public trust. It appears LNRA is being operated like a for-profit business, subsidized by taking private land.
153	26-Jun	Amy Brown		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	No one needs to take anyone's land for this.
154	26-Jun	Susan Gnessom		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	How can you take people's land, home, livelihood. Have you no respect?
155	26-Jun	Judy S. Lundy		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	Opposes dam
156	26-Jun	Daron White		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	I am a concerned citizen in the county and do not agree with the damming of the Lavaca River.

157	26-Jun	Andy Castro		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	Don't want another dam.
158	26-Jun	M. Arriza		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
159	26-Jun	C Albert		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
160	26-Jun	Darward Gates		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
161	26-Jun	Maxine Gates		Citizen	Letter, June 26	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
162	26-Jun	J.D. Ruainoro		Citizen	Letter, June 28	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
163	28-Jun	Callaway S. Vance		Citizen	Letter, June 28	Lavaca Off-Channel/Palmetto Bend	We should keep this valuable resource in Jackson Co. until we can get an industry to locate in Jackson County. Please help us stop the dam. I hate to displace landowners in that area just for the benefit of Formosa, which is Calhoun Co. and Corpus Christi, which is Nueces Co.
164	28-Jun	Nancy Aimone		Citizen	Letter, June 28	Lavaca Off-Channel/Palmetto Bend	Keep the water in Jackson Co. for the benefit of county residents.
165	28-Jun	Callaway Aimone		Citizen	Letter, June 28	Lavaca Off-Channel/Palmetto Bend	Keep the water in Jackson Co. for the benefit of county residents.

166	28-Jun	John Aimone		Citizen	Letter, June 28	Lavaca Off-Channel/Palmetto Bend	Keep the water in Jackson Co. for the benefit of county residents.
167	30-Jun	Lindsey Lee Bradford and 781 members of Leave Our Lavaca Alone		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	These citizens are concerned with the broad and devastating impact that damming the Lavaca River could cause on the environment, ecology and livelihoods of the people who live in the area. We feel it is important that our elected representative an public servants take seriously how the people who will be impacted the most feel.
168	30-Jun	Lee Klafenreich		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Opposes dam
169	30-Jun	Clifford Boene		Citizen		Lavaca Off-Channel/Palmetto Bend	Opposes dam
170	30-Jun	Kathy Dugger		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Opposes dam
171	30-Jun	Gerald M. Boyd		Citizen		Lavaca Off-Channel/Palmetto Bend	I served on the LNRA board for 5 years. Formosa Plastics had years of opportunity to buy the water Corpus Christi is currently receiving. Formosa should be leading the industry toward a desal plant.
172	30-Jun	Anna Plotin		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	We do not need a new dam
173	30-Jun	Patsy Porche		Citizen		Lavaca Off-Channel/Palmetto Bend	Opposes dam
174	30-Jun	Mitzi Porche		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Opposes dam

175	30-Jun	Stan Hubenak		Citizen		Lavaca Off-Channel/Palmetto Bend	Opposes dam
176	30-Jun	Michael Goldman		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Opposes dam
177	30-Jun	Matthew Goldman		Citizen		Lavaca Off-Channel/Palmetto Bend	Opposes dam
178	30-Jun	Marcus Farquhar		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Opposes dam
179	30-Jun	Kamey Karl		Citizen		Lavaca Off-Channel/Palmetto Bend	Please hear our calling! They say power works with numbers so please don't let us down. This is not an issue to be brushed under the rug. It needs to be addressed and soon!
180	30-Jun	Linda Karl		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Are you listening?
181	30-Jun	Chico DeLeon		Citizen		Lavaca Off-Channel/Palmetto Bend	Opposes dam
182	30-Jun	Pamela Fien		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Opposes dam
183	30-Jun	Tony Doyle		Citizen		Lavaca Off-Channel/Palmetto Bend	Opposes dam
184	30-Jun	Marcus Rammary		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	We don't need another dam

185	30-Jun	Gilbert B. Martinez		Citizen		Lavaca Off-Channel/Palmetto Bend	We don't need another dam
186	30-Jun	Annabelle Villela		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	We do not need another dam
187	30-Jun	Loretta G. Sote		Citizen		Lavaca Off-Channel/Palmetto Bend	To be honest, I really believe we don't need another dam. Also, I believe that landowners should keep their land that has been in their family forever. Why take land for something that we don't have use for.
188	30-Jun	Eric Soto		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	I just believe we don't need another dam.
189	30-Jun	Robert Ramirez		Citizen		Lavaca Off-Channel/Palmetto Bend	I don't want a dam.
190	30-Jun	Frances Martinez		Citizen		Lavaca Off-Channel/Palmetto Bend	We do not need another dam.
191	30-Jun	Beatrice Hernandez		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Don't need a dam.
192	30-Jun	Sheila B. Hart		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	We have one dam already, need no more taxes, leave the Lavaca River alone and we bought our property close to the river for a reason. Leave us alone!
193	30-Jun	Troy Quinn		Citizen		Lavaca Off-Channel/Palmetto Bend	I have not seen any major positive results from the existing dam and I am against any project which takes land from landowners.
194	30-Jun	Fred Stafford Jr.		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	You can't replace the land they take for the price they want to pay you for it.

195	30-Jun	Jimmy Jansky		Citizen		Lavaca Off-Channel/Palmetto Bend	We need to keep our water here in Jackson Co.
196	30-Jun	Joyce Campbell		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	This is uncalled for.
197	30-Jun	Jamie Bedney		Citizen		Lavaca Off-Channel/Palmetto Bend	Our current lake has no place for us to swim. It is like a swamp and we don't need another one!
198	30-Jun	Robin Bedney		Citizen		Lavaca Off-Channel/Palmetto Bend	Opposes dam.
198	30-Jun	Caroline Kizer		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	The present lake has no recreation for our kids. No swimming area etc. as promised. No one goes fishing at the lake. Just a big mud hole.
199	30-Jun	Judy Marek		Citizen		Lavaca Off-Channel/Palmetto Bend	Cities cannot and should not starve out smaller ones just to grow larger. All cities have the right to grow where they are. Use what you have!
200	30-Jun	Kathy Roddy		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Our water needs to stay here. Won't want to lose land just bought.
201	30-Jun	Clifton Shifut	Jackson Co. Farm Bureau	vice president		Lavaca Off-Channel/Palmetto Bend	Jackson Co. Farm Bureau opposes this dam. Together with the Texas Farm Bureau, the Jackson Co. Farm Bureau wrote a resolution to be sent to LNRA. Please help us with this.
202	30-Jun	Karen Meador		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	I think that the big cities are going to have to look at other options for water needs (desal), rather than looking to other counties for their water needs.

203	30-Jun	Jon Bradford	LNRA	Board member		Lavaca Off-Channel/Palmetto Bend	Opposes dam: (1) Jackson Co. cannot afford to lose any more tax base (2) Citizens will be taxed by bonds issues (3) Citizens whose land is taken will sue (4) Original dam took 17,000 acres off tax rolls and \$81,000,000 in tax revenues (5) People will leave the county rather than accept another dam (6) Bays and estuaries will be harmed (7) A new dam will be another eyesore (8) Alternatives are available.
204	30-Jun	Lois Kruschwitz	Oklahoma City University	professor emeritus	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	Family was given land for service performed during the Texas Revolution. Currently, prof. emeritus of environmental science, OCU. (1) River should not be dammed; other alternatives are available (2) People of Jackson Co. are being forced to service and subsidize major international polluting industries along the coast (3) Groundwater has been used up (4) LNRA analysis are incomplete. Frank Bair reference is 60 years old.
205	30-Jun	Jim Green		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	I own 45 acres of land on CR 306. If a dam is built, a min. of 25 acres will be flooded, leaving only 20 acres of pasture. I am 61 years old and have raised 3 kids on this land. Do not build the dam.
206	30-Jun	Fred Prihoda		Citizen	Letter, June 30	Lavaca Off-Channel/Palmetto Bend	We have 2 pieces of land that would be affected by the proposed dam. We are against its construction.
207	2-Jul	Jeana Yendrez		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Opposes dam
208	2-Jul	Jeria O. Lee		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Please do not allow the LRNA to dam the last free-flowing river in Texas. Protect your district.

209	2-Jul	Jeremy Warblen		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Opposes dam.
210	2-Jul	John McLeby		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Opposes dam
211	2-Jul	Lisa Downs		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Opposes dam
212	2-Jul	Tracy McNeley		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Opposes dam

213	2-Jul	Loretta Goldman		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Opposes dam
214	2-Jul	Dana Mickey		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Opposes dam
215	2-Jul	Kristen Cameron		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Opposes dam
216	2-Jul	Kenneth & Carole Koop		Citizen	Letter, July 2	Lavaca Off-Channel/Palmetto Bend	Farm has been in the family for 6 generations, since the Civil War. The Koops sold all their land in Hill Country to purchase it on the Lavaca River. Most of the year, the river is more like a creek. Questions amount of water that would be available should it be dammed. Is unwilling to sell any portion for a "lake". Lake Texana is a "muddy waste land" for trash, driftwood and alligators. Opposes dam.

217	7-Jul	Tom Byrne			Letter, July 7	Lavaca Off-Channel/Palmetto Bend	This makes no sense at all for this minute amount of water for a foreign plastics company that employs people in Calhoun County. This is unbelievable.

**NOTE: This spreadsheet was developed using the following methodology: (1) Both verbal and written comments are included (2) Comments by the same individual are broken out by WMS as outlined in 2011 IPP Vol. I, Table 5-2 "Impacts of Recommended Water Management Strategies on Key Parameters of Water Quality and Vol. 2, Appendix D, Table 1 "2011 South Central Texas Regional Water Plan Water Management Strategies", (3) If an individual provides both verbal and written comments on the same general topic, both are included and differences in content are noted.**
