

NOTICE OF OPEN MEETING OF THE
SOUTH CENTRAL TEXAS
REGIONAL WATER PLANNING
RURAL COMMUNITY OUTREACH
SUBCOMMITTEE

TAKE NOTICE that a meeting of the Rural Community Outreach Subcommittee, as established by the South-Central Texas Regional Water Planning Group (SCTRWPG) will be held on Friday, July 28, 2023, at 11:00 AM in-person only. The in-person meeting will be held at the Nueces River Authority, 539 Crystal City Hwy, Uvalde, TX 78801. The following subjects will be considered for discussion and/or action at said meeting.

1. Discuss Background and Purpose of the South Central Texas Regional Water Planning Group (SCTRWPG) - Region L
2. Review and Discuss the Draft Projections and SCTRWPG recommended revisions for the Irrigation and Livestock Demands from the 6th Cycle of Regional Water Planning
3. Review and Discuss the Draft Population and Municipal Demand Projections
4. Review and Discuss Water Management Strategies from the 2021 Regional Water Plan
5. Review and Discuss Region L Recommended Projects Associated with Water Management Strategies from the 2021 Regional Water Plan
6. Discuss Feedback on Regional Water Planning Process

Comments and submissions may be submitted through email to ccastillo@sariverauthority.org. Any written documentation can be sent to Tim Andruss, Chair, South Central Texas Regional Water Planning Group, c/o San Antonio River Authority, Attn: Caye Castillo, 100 E. Guenther Street, San Antonio, TX 78204. Please direct any questions to Caye Castillo at (210) 302-4258.

May 2023

This spreadsheet contains projections for all Water User Groups (WUGs) split by Regional Water Planning Area (RWPA) and County. Two population projection migration scenarios are included, which were previously shared with Regional Water Planning Group members. The plumbing code savings projections have been revised from what was sent in January 2023, thus, municipal water demand projections are also revised in this spreadsheet. Please note that the baseline GPCDs (not changed from the January 2023 data) and the plumbing code savings projections are the same for each WUG in each projection scenario.

Please reference Exhibit C (link below) for revision criteria. Please submit revisions to EDA@twdb.texas.gov or reach out if you have any questions regarding the projections.

The WUG-level draft population and municipal demand projections using the 1.0 migration scenario are on the **RWPA-Co-WUG Draft Proj 1.0 tab**.

The WUG-level draft population and municipal demand projections using the 0.5 migration scenario are on the **RWPA-Co-WUG Draft Proj 0.5 tab**.

Use the filter option to narrow the results by Region, County, and/or WUG.

Please use the **RWPG_Revisions tab** to request revisions the WUG-level projections and include a comment regarding the revisions. Demand projections can be recalculated by WUG using the formula listed in the spreadsheet.

If the WUG splits across planning regions and you want to revise the GPCD or PC Savings projections, please confirm with the other region(s) that the GPCD revision is acceptable and convey that confirmation to the TWDB staff.

Region/County/Basin splits are included on the **BasinSplits tab**.

Draft Population and Municipal Water Demands for the 2026 Regional Water Plans methodology summary accompanies this spreadsheet.

TWDB draft municipal demand projections and methodology are available online:

<https://www.twdb.texas.gov/waterplanning/data/projections/2027/municipal.asp>

First Amended General Guidelines for Development of the 2026 Regional Water Plans (Exhibit C) is available online:

https://www.twdb.texas.gov/waterplanning/rwp/planningdocu/2026/projectdocs/2026RWP_ ExhibitC_FirstAmended.pdf
